

BEYOND THE BOOK

## NORTH CAMPUS OF THE SPANISH UNIVERSITY OF DISTANCE EDUCATION LIBRARY WILL BE USING NEDAP LIBRIX SOLUTIONS

The old libraries of Engineering and Psychology/IUED have been integrated, along with Education library collection, in the new North Campus library at the National University of Distance Education (UNED) in Madrid.

The library, which was officially opened on January 18<sup>th</sup>, will have Nedap Librix radio frequency systems integrated via Nedap Iberia.

Nedap Librix achieves a breakthrough consolidating itself in the private universities segment. Sign of its leadership within the libraries sector thanks to its solutions offered.

Innovative solutions and systems designed to facilitate the libraries administration and the labour of those who work their. All this without forgetting the users, who are benefited by gaining autonomy and time when doing loans or returns with the use of Nedap solutions.
